### East Stone Gap

The Jeffersonian Literary Society of the East Stone Gap High School met on Friday afternoon, October 1, in the auditorium of the high school building. After the house was called to order the new officers for this term were installed and entered upon their duties at once. The new officers are as follows:

President—Ernest Skeen.  
Vice President—Omer Johnson.  
Secretary—Boyd Burdette.  
Treasurer—Anna Anderson.  
Censor—Rene Gilly.  
After the business session, the following program was creditably rendered:

Song, America By Society  
Reading French Taylor  
Piano Solo Mabel Barker  
Reading Odette Wells  
Reading Laura Burke  
Vocal Duet Marie Scott  
Idyl Wells and Rene Gilly

Reading Irene Sleep  
Chorus High School Girls  
Journal Omer Johnson  
The meeting was adjourned after the interesting report of the critic, Miss Christy Jones. The next regular meeting will be held October 16th. This was one of the most successful meetings this society has ever held. There was almost perfect attendance of the society and response of those on the program, and we look forward to having the best society we have ever had.

Miss Morgan gave her regular visit to our school Monday morning.  
Ish Tate was a Sunday visitor in our town.

Mr. and Mrs. R. D. Gilly have gone on an extended trip south. They were accompanied by Mr. and Mrs. W. E. Wampler, of Big Stone Gap. Mrs. Straley Tate is filling Mr. Gilly's place

in the postoffice.

Coming, October 10th.

The date for the entertainment given by high school and faculty, has been changed from October 8, as reported last week to October 16, at 8 o'clock p. m. Don't miss the date. The following program will be rendered:

Music By String Band  
Quartette Miss Spring, Messrs. Bush Jones and Blankenship.  
Drill, "Dainty Step" Girls  
Music Band  
Reading Nellie G. Hurd  
Dialog Viola Elliott, Beulah Giles, Rene Gilly, French Taylor.

Music Band  
Quartette Chorus, Sweet and Low H. S. Girls  
Duet Vocal  
Music Band  
Solo Mr. W. A. Jones  
Chorus, Southern Girls H. S. Girls  
Music Band  
Solo Miss Marguerite Spring  
The Amazons H. S. Girls  
Music.

Admission—15c and 25c.

### Cow Killed by Unknown Person.

Freeling, Va., Sept. 30.—A cow belonging to Columbus Viars, a farmer near this place, was shot and killed by some unknown person a day or two since. Mrs. Viars heard a shot fired in the wood some distance from the house, but thought it was only some one hunting grey squirrels. However, when the cow did not come to the gap, as usual, the lady went to look for her, when she found her lying dead from a shot, where the firing had taken place.

Honest toil is a credit to any man, but many people object to the credit system.

Whenever we hear a fellow talking about his brains we wonder just how badly scrambled they are.

The man with money has troubles of his own. He has to be forever sidestepping to prevent some other fellow from euchring him out of it.

### YOUR RED CROSS

The American Red Cross, by its Congressional charter, is officially designated:

To furnish volunteer aid to the sick and wounded of armies in time of war, in accordance with the conventions of Geneva.

To act in matters of voluntary relief and as a medium of communication between the American people and their Army and Navy.

To continue and carry on a system of national and international relief in time of peace and to apply the same in mitigating the sufferings caused by pestilence, famine, fire, floods and other great calamities.

To devise and carry on measures for preventing these causes of suffering.

#### FOURTH RED CROSS ROLL CALL

November 11-25, 1920.

#### MEMBERSHIP FEES:

Annual .....	\$ 1.00
Contributing .....	5.00
Life .....	50.00
Sustaining .....	10.00
Patron .....	100.00

Send dues to your nearest local chapter.

### FIRST AID TRAINING TO MEN AND WOMEN

American Red Cross Is Teaching Hundreds of Thousands Life-Saving Methods.

The purpose of instruction in First Aid to the Injured offered by the American Red Cross is to train men and women to administer First Aid treatment promptly and intelligently when emergencies demand it. First Aid treatment is not intended to take the place of a physician's service. A surgeon should always be summoned as a precautionary measure where there is an injury of any consequence, but when one cannot be secured a few minutes delay may mean a fatality. In such a case a person trained in First Aid is invaluable not only to the individual, but through him to the community in which he lives.

There is perhaps no way of ascertaining the number of deaths or serious disabilities which result from lack of proper safeguards or prompt emergency treatment. It is safe to assert they number thousands daily. There can be no doubt that the application of First Aid methods to each case would immeasurably lighten the country's toll of suffering and death.

The dissemination of First Aid training and information has already produced a far-reaching and beneficial influence in the prevention of accidents on railroads, in mines and in great industrial concerns.

The benefit of a widespread knowledge of First Aid in the event of a great disaster, such as a train wreck, an explosion, an earthquake, etc., is obvious. Laymen who have had First Aid training can render efficient assistance. Many lives may depend upon such emergency care.

Red Cross First Aid work includes (1) the formation and conduct, through Red Cross chapters, of classes for instruction in accident prevention and First Aid to the injured among men and women in all communities and in every industry; (2) the introduction of courses of instruction in high schools and colleges.

The Red Cross is prepared to supply First Aid books and equipment at reasonable prices.

Every person in this country able to do so should, in his own interest, receive Red Cross First Aid instruction. Information about the course and instruction classes may be had at the nearest chapter headquarters.

### RED CROSS EXTENDS RELIEF TO POLAND

More than \$5,000,000 has been spent by the American Red Cross in aiding the stricken people of Poland. The organization has nursed the sick, fed the starving, clothed the naked, sheltered the homeless, schooled the children and cared for the orphans there. It has conducted a relentless fight against typhus, cholera and other terrible diseases. So today millions of men and women in that resurrected nation speak in grateful appreciation of "The Greatest Mother in the World."

Nearly 200 American Red Cross workers are now engaged in relief activities in Poland. Four large relief bases are in operation and eleven mobile units are in the field. During the last twelve months this organization was largely instrumental in the re-establishment of a million refugees at a cost for general relief of more than \$1,000,000. Last winter one-half million war orphans were aided materially, and since then a series of large orphanages have been established to give them permanent care.

But for American Red Cross aid, of Poland declared recently, millions of people in that country would have perished of disease, exposure or starvation the last eighteen months. And the work there must be kept up for another year.

### AMERICAN RED CROSS TO GIVE RURAL HELP

Program for Public Health and Community Welfare Is Now Well Under Way.

Rural communities and towns of less than 8,000 population benefit in a very large part by the public health and community welfare work of the American Red Cross. Almost all of the 8,000 Red Cross chapters have some rural sections in their territory. Therefore the Red Cross Rural Service.

Briefly, the purpose of Rural Service is to assist people to get out of life more health, wealth and happiness. In this purpose public health instruction and general educational programs of both children and adults play a big part.

Recreation is found to be one of the biggest needs in rural life. There is lack of sufficient play-life for the children and social life for the adults. Picnics, pageants, debating clubs, baseball leagues, community singing and other social events which bring the people of surrounding communities together have been organized and carried on under the guidance of Red Cross rural workers to great advantage. In many instances solving recreational problems and getting people together proves to be the awakening of the community to other conditions which may be improved by united action.

As a result of community organization, townships in which there had been neither plans nor interest in community progress have been organized to work together with the untold purpose of bringing their community up to the most enlightened standards. Lecture and musical entertainment courses have been started as a result of community meetings, as well as circulating libraries, Red Cross schools of instruction in Home Nursing, Care of the Sick and First Aid. In the larger towns the need for restaurants and public comfort stations is being met. Play grounds for the children have been established and recreational activities worked out for the year.

In order that there may be concerted effort in carrying on the programs of the various welfare agencies in the rural districts, Red Cross Rural Service helps the organizations already on the ground. The main object of the service is to lend a hand everywhere and take the lead only where necessary.

### JUNIOR RED CROSS ACTIVE IN EUROPE

Garden seeds for Polish orphans, milk for anemic Greek babies, carpenter's tools for Czech-Slovakian cripples—these are only a few of the gifts that young Americans are sending to the war-crushed children of the Old World.

Through the Junior Red Cross the boys and girls of the United States are giving a fresh start in life to little war orphans scattered all over Europe. They have set up orphan's homes in France, school colonies in Belgium and Montenegro, and day schools in Albania.

They are sending dozens of young Syrians, Montenegrins, and Albanians to American colleges in Constantinople and Beirut, and maintaining more than a hundred orphans of French soldiers at colleges and trade schools. In orphanages and farm schools up and down the peninsula of Italy there are nearly 600 wards of American Juniors.

Last winter a thousand French children from the inadequate shelters of the devastated regions were sent by the Junior Red Cross to spend the cold months in warmer parts of France. At the same time five thousand little Belgians were having a hot lunch every day at Junior Red Cross school canteens.

American school children have already raised something like a million dollars for these enterprises, and they are still hard at work.

In China, through campaigns of education, the Junior Red Cross is helping to combat widely prevalent blindness and cholera.

### RED CROSS RELIEF IN CENTRAL EUROPE

But for timely assistance of the American Red Cross during the last year, a large proportion of the 20,000,000 population of the Balkan States might have starved or perished from disease or exposure. Six million dollars worth of food, clothing and medical supplies have been sent to the Balkans—Rumania, Bulgaria, Albania, Montenegro, Serbia, Bosnia and Greece—since the beginning of Red Cross relief operations in Central Europe, while millions of dollars worth of food alone has been sent to the needy in these states.

The money expended by the Red Cross in this stricken portion of Europe has been used to set up hospitals, orphanages, dispensaries, mobile medical units and to help in the general reconstruction of devastated areas. American tractors and other farming implements have been sent to the agricultural regions where aid has been given in plowing the land.

By the last of this year probably all American Red Cross agencies administering relief in Central Europe will have withdrawn. By that time, it is believed, the people will have approached a normal state of living and will be able through their own agencies which the Red Cross has helped set up to provide for themselves.

### A Tonic For Women

"I was hardly able to drag myself," writes Mrs. W. F. Ray, of Easley, S. C. "The doctor treated me for about two months, still I didn't get any better. I had a large family and felt I surely must do something to enable me to take care of my little ones. I had heard of

### CARDUI The Woman's Tonic

"I decided to try it," continues Mrs. Ray. "I took eight bottles in all. I regained my strength and have had no more trouble with womanly weakness. I have ten children and am able to do all my housework and a lot of odd jobs. I can sure recommend Cardui."

Take Cardui today. It may be just what you need. At all druggists.
